

Listening to K-LOVE in the Topeka area gives me inspirational songs and short messages. It's easy to listen in the car. Also it's great to have a christian radio station without commercials and lengthy broadcast messages. If I want to hear someone preach, I go to church or watch christian TV. This station is supported by the listeners, it's what we want to hear or they wouldn't be supported without commercials. Anyone can listen and will be uplifted by the positive words and music.
